Cynthia and Allison,

I will need to wait until Monday morning to confirm that the day and times I am throwing out for our proposed lawyers meeting to discuss ACC's petition challenging EPA's Part 158W rulemaking will work for Stephanie Talbert, our DOJ attorney, but I thought it prudent to get this on your radar screen for planning purposes. Right now, we would like to suggest Tuesday, July 23, at either 11 AM or 2 PM. Please let me know as soon as you can if either of those times on that day will work for the both of you and whoever else might be planning on attending this meeting. Once we nail down the day and time, I will reserve a conference room here at EPA. If I find out Monday morning that we will need to look to a different day next week to do this, I will let you know immediately.

Phil and Chris-

Attached is the list of issues that we had provided to Susan Lewis in advance of the June 12 meeting. This is not an exhaustive list of the Panel's concerns regarding the 158W rule, but it should be helpful in understanding the type of issues we believe need to be resolved.

We will wait to hear back from you on some potential meeting dates.

Best,

Cynthia
